www.banyanschool.com/professional-learning

Wilson Reading System® (WRS) Advanced Strategies for Multisensory Structured Language Group Instruction Course is a three-day workshop that delves into essential techniques and strategies to improve all aspects of WRS small-group instruction through hands-on practice and discussion, and prepares participants for the WRS Group Mastery Practicum. The workshop examines the specifics of each WRS Block, with an increased focus on vocabulary, comprehension, and fluency instruction.
